

Try making an origami crane with your mum and dad!

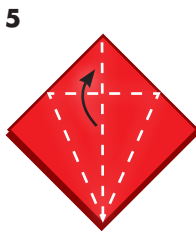

Open the model fold one layer of paper

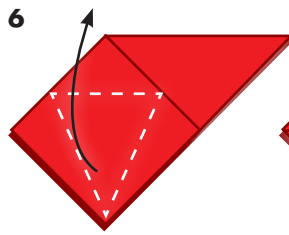

Repeat on the other side

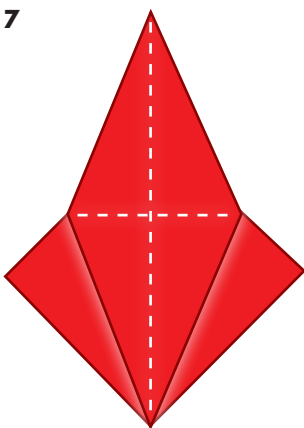

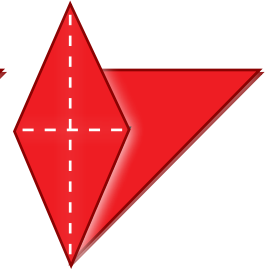

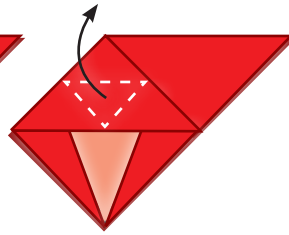

Until you get this

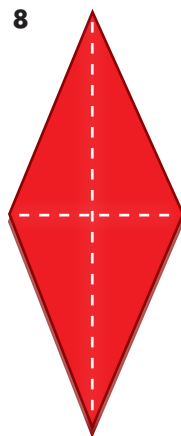

Petal fold the top layer upwards.

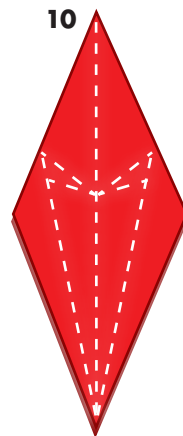

The petal fold lifts a point and brings it upwards so that the two edges of the point lie together

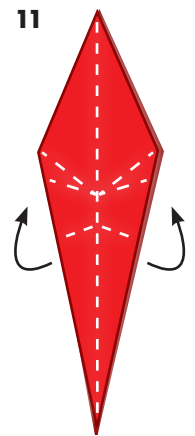

Repeat step on the other side

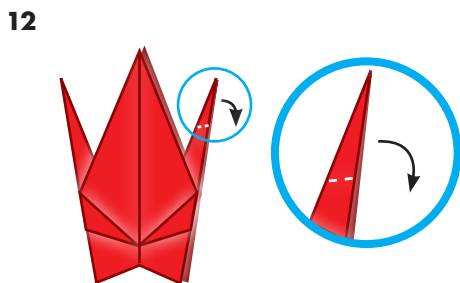

Fold the sides (top flaps only) to the middle

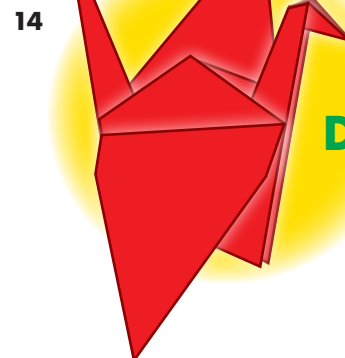

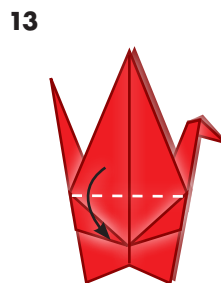

Repeat step on the other side

Inside reverse fold the two flaps up to form neck and tail

Inside reverse fold the neck down to form the head

Done!
